SUMMARY

Degree in Systems Analysis and Development, started programming in 2017, participating in OBT17 in Brazil level 2 initiation category. Experience as an IT Specialist in the Brazilian Army, working on system optimization, web page maintenance, server management, performance improvement, response time reduction (71% improvement), ticket management, and had contact with Java, PHP, MySQL, Python, and Joomla technologies. Certifications in cybersecurity, development, and extensive experience in ticket management and MySQL databases.

PROFESSIONAL EXPERIENCE

Brazilian Army – IT Specialist – Mar **2021 – Feb 2026.**

- System Optimization: Transformed complex digital structures into integrated functional systems, improving workflows and increasing SLA compliance.
- Performance Engineering: Led a restructuring project for institutional servers and websites, resulting in a 71% decrease in response times.
- Web Development: Maintained and evolved internal and external web pages using Joomla and custom web technologies.
- Database & Infrastructure: Managed relational databases (MySQL) and Linux servers, ensuring high availability, data integrity, and network stability.
- Strategic Support: Provided on-demand digital solutions and technical insights for the command team, overseeing help desk management and strategic decision-making support.

PROJECTS

Developed an academic certificate management system in Laravel with authentication, document validation, and report generation features. The application uses MySQL for data persistence and Tailwind CSS + Alpine.js for the responsive interface, meeting the requirements of students, teachers, and administrators. GitHub

SKILLS

- Languages e Frameworks: Java (Spring Boot), PHP (Laravel), JavaScript (React), C++
- Databases: MySQL, PostgreSQL, Oracle SQL.
- Cloud and Infrastruture: Docker, Linux servers and Networks, Cloud Practitioner / AWS Solutions Architect (In progress).
- Tools and Others: Git, Cybersecurity, Agile Methodologies, MVC and DDD.

EDUCATION

Degree in Systems Analysis and Development from the Instituto Federal de Mato Grosso do Sul - Brazil. 2021 - 2025.

CERTIFIEDS

- Cisco – Introduction to Cybersecurity - 09/2020
- Cisco – Cybersecurity Essentials - 09/2020
- 5CTA – Linux Networks and Servers Internship - 03/10 – 31/10/22
- 5CTA – Network and Systems Security Internship - 01/11 – 30/11/22
- 5CTA – JOOMLA Internship - 01/05 – 26/05/24
- Cisco – Python Essentials - 04/2025
- Cisco – NDG Linux Unhatched - 04/20
